

ACCEPTED MAJORS LIST

Triangle Fraternity Pittsburgh Chapter

Actuarial Mathematics	Environmental Engineering
Applied Mathematics	Environmental Science*
Architecture*	Geology
Bioengineering	Industrial Engineering
Bioinformatics	Information Science
Biological Sciences (Biology)	Integrated Systems Biology
Chemical Engineering	Materials Science and Engineering
Chemistry	Mathematics
Civil Engineering	Mathematical Biology
Computational Biology	Mechanical Engineering
Computer Engineering	Microbiology
Computer Science	Molecular Biology
Ecology and Evolution	Neuroscience
Electrical Engineering	Physics
Engineering Science	Physics and Astronomy*

*Note that only B.S. in Architecture, B.S. in Environmental Science, and B.S. in Physics and Astronomy can be accepted. The degrees of B.A. in Architectural Studies, B.A. in Environmental Studies, and B.A. in Astronomy cannot be accepted, as their curriculum statement describes them as being more focused toward policymaking or teaching at the grade school level. They are not intended to provide sufficient technical background for a scientific or engineering career.

**The University of Pittsburgh does not offer a “Pre-Med” or “Pre-Dental” major. All students on this track will have an undergraduate degree in Biological Sciences, Microbiology, etc.
